Superb well maintained townhouse right in the centre of Jávea's old town.

This townhouse with ideal location right in the centre of the old town has been very well maintained as well as it has been reformed.

Coming in through the front door we will see a very spacious and bright entrance hall which gives us a direct access to the little study room, living-dining area and staircase to the first floor.

The living-dining area with a free walk through to the patio has been completely reformed and is very spacious. Going into the patio we will find the entrance to the fully equipped kitchen as well as the bathroom of the ground floor, which is equipped with a shower. This same patio gives also access to laundry corner and a very big storage which could be converted into another bedroom.

Going up the stairs we arrive on the first floor where we find a second spacious bathroom, two double bedrooms and two single bedrooms.

This is a unique townhouse with a lot of potential, ideally located and with all services at just a step away.

It's definitely worth a visit!
